What you are seeing are weight reduction publishers that have recorded their websites with Google AdWords. **500,000 hits every week** from these weight loss targeted sites is astronomical.

I'm going to demonstrate to you the proper methodology to lawfully tap into their traffic activity without utilizing Google AdWords ppc framework.

I for one know this wso is going to produce a huge amount of cash for the individuals that are already utilizing this marketing technique. I am going to uncover more as we proceed.

Remember, this will work for any specialized niche out there.

Since you now know how to find this hidden tool, let's dive a little deeper. I will uncover how to tap in to their traffic activity.

Today I will be covering CPV/PPV. I have to be fair, this is without any doubt my main fundamental source of income.

So what exactly is CPV? (Cost per view)

CPV/PPV is essentially an advertising promoting system and here is why this lives up to expectations. There are many scenarios where you proceed to installing a software, only to discover that they have an agreement whereby users 4 pop up ads on their screen every day.

Yes, I am referring to the frustrating banners that appear, don't they just annoy you? CPV advertisements are low priced. We're referring to about 0.01 cent per click for SUPER TARGETED website traffic. Presently, the professionals are also using CPV marketing to make tons of profit and the large majority of internet marketers simply don't know how to get this to work. Before we proceed any further, let's talk about the Top CPV/PPV networks.

<https://www.trafficvance.com>

(JTRAFRCVANCE^e

TrafficVance is most likely the best ppv system. They oblige you to put down a \$1,000 deposit and that goes toward your advertising spending plan. You additionally require a referral to get granted access. To get a referral to traffic Vance simply contact your CPA affiliate manager and ask for a referral. Let your Affiliate manger know you have a vast promotional and marketing plan and you want to be upfront and clear with traffic Vance. Everyone gets access to traffic Vance by following this process.

<http://leadimpact.com>

Lead impact competes well with traffic Vance and no doubt will get there very soon. I can honestly say that Lead impact has been majorly responsible for a good part of my success. There is a \$1,000 deposit necessity and there is no requirement for a referral. I highly recommend lead impact

<http://www.50onred.com>

From experience, 50onred provide slightly better quality traffic than leadimpact. They are a new network and there is a necessity of providing a \$500 deposit and additionally goes towards your promotional spending plan. I for one would pick 50onred over lead impact. I have seen 300% ROI with this network with my first marketing campaign. Quite astonishing actually.

<http://mediatrafic.com>

Media traffic has the lowest Quality traffic but it is the last suggestion to anybody intrigued with CPV advertising. There is a

\$200 minimum deposit for media traffic and that goes toward your overall advertising budget.

For this guide I will utilize lead impact and a clickbank product.

Product: <http://www.themusclemaximizer.com>

So I am at my leadimpact dashboard getting prepared to launch a new advertising campaign.

* Country Targeting:

I think it's obvious what we are going to do next. We are going to use our affiliate link as our greeting (landing) page. I suggest you buy a related domain and forward it to your affiliate link. We are going to choose United States only for this example. You want to know where your conversions are originating from so just focus on 1 country per campaign.

Presently this is what CPV consists of, it's all about discovering relevant websites for your offer so that your AD popup appears when users use that specific website. But the key to success is that the site must be RELEVANT.

This information I am about to reveal to you can undoubtedly be sold for over \$1,000 and if you knew the power of this advertising solution then you would be already thanking me. Nobody, and I mean nobody has ever revealed their genuine CPV methods on the warrior forum and unquestionably not the method I am going to reveal here.

You see, there is contrast between somebody sharing a strategy and somebody sharing an IDEA. I am sharing a technique I am expressly utilizing on a daily basis and I hold nothing back. I cannot say you're going to a profit with this, however it does beyond any doubt meet expectations.

So as opposed to choosing essential keywords we are going to pick websites to have our promotional ad display and once a user visits that website, our AD appears, making use of very targeted traffic.

So most mentors will instruct you to search your keyword through Google and find as many sites as possible (1,500 websites minimum) and focus those sites.

No compelling reason to do all of that, what I have been doing is something NO ONE else is doing. I am utilizing the Placement tool. Better believe it, remember the tool I revealed to you earlier?

We are going to discover SUPER TARGETED sites that are applicable to our offer and get huge amounts of traffic. Remember, we are **getting 50,000-100,000 views** with our minimum deposit of \$500 on 50 onred or 1,000 with leadimpact or traffic Vance.

With the placement tool there are websites that are relevant to pretty much anything you want to promote and the traffic activity volumes are very high. SO on the off chance that you truly looking to hit huge with **\$20,000 monthly clickbank checks** then this is the best approach to take.

Let's utilize the placement tool to discover websites that are related to <http://www.themusclemaximizer.com> and our click bank offer.

So here we are utilizing the placement tool and we are going to enter a keyword that is relevant and essential to our offer. In this case let's try "Muscle"

Page 1

Now tell me this is not amazing, the maximum bid is less than 2 pennies.

What happens is when a user who has the product installed on their pc visits this site <http://flexonline.com>. OUR CLICKBANK PAGE POPS UP.

The screenshot shows the Flex website interface. At the top, the 'FLEX' logo is followed by navigation links: TRAINING, NUTRITION, OLYMPIA, CONTESTS, and MORE. Below this is a secondary navigation bar with links for 60 Seconds To Fit, BREAKING NEWS, ARNOLD FILES, WEIDER ATHLETES, and STORE. A search icon is located on the right.

The main content area features a large red banner with a Fiverr advertisement: 'I'll design a logo for \$5' with a 'Check it out' button. Below this is a section for 'LIKE HOSS' featuring a photo of a muscular man (Arnold Schwarzenegger) and the text 'Focus: Arnold's pectoral splits'. To the right of this section is a 'CONNECT WITH US' area with social media icons for Facebook, Twitter, and YouTube, and a 'SUBSCRIBE NOW' button for a magazine offer: 'SAVE UP TO 76% OFF 12 ISSUES FOR ONLY \$19.97!'. Below the magazine offer are links for 'Subscribe', 'Give a Gift', 'Renew', and 'Customer Service'.

At the bottom, there is a 'TRAINING' section with a video player for '60 SECONDS TO FIT' and a 'WATCH THE LATEST EPISODE' button.

Now how much more focused can this possible get for V penny per click?

We are obviously going to target more websites. With my own technique, you don't need more than 10 domains although the rules are set at around 1,000 sites. Our sites have high traffic volumes!

have the pop up software installed on their computer.

So in 1 week your ad would display to around 30,000 users that are specifically targeted. Remember there is **absolutely NO COMPETITION** for these sites because no one else is using this technique to find their CPV target URLs.

Back to the facts, out of 3 million hits we get 1% of the views = 30,000

Out of 30,000 views we get in worst cases HALF A PERCENT (0.5) conversion rate. So out of every 200 views we are making 1 sale.

That's 150 sales.

So if each views cost you 0.015

$(0.015 \times 30,000 = \$450)$

So you've just invested \$450 and made \$6,300 (\$5,850) pure profit

And if you are using lead impact you'd still have \$550 left from your original \$1,000 deposit. This is pretty self explanatory; you can do this for any niche.

I recommend you begin with 50onred, their CPV bid is 0.02 for USA traffic. Lead impact starts at about 0.01 however the deposit is 1k for lead impact.
